Product Structure

DM-200

Bluetooth Headset Wearing Method

DM-200

DM-200 is a professional mono bluetooth headset. It is designed for fitting both left and right ears. Simply swirl the ear-hook and adjust the eartip so that the headset would be securely placed on your ear comfortably on either ear.

Powering On & Off/ Battery Charging

DM-200

Power On: Long Press MFB for about 3 second. White light will flash and then turn off to enter into stand-by or operation mode.

Power Off: Long Press MFB for about 3 second. White light will flash and then turn off with voice prompt.

Battery Charging: Plug with a 5V USB cable from the package only. High voltage cables will damage the headset. During charging, white light will turn on ; whilst off upon completion.

Low Battery Alert: White light flashes every 20 sec meaning that you have to charge the headset.

Pairing Headset with Bluetooth Device

DM-200

Make sure your phone has Bluetooth function.

Pair DM-200 with phone / tablet/ computer (see also your device manual).

During pairing, your device and DM-200 have to stay close for smooth pairing (within 1 meter)

1. From off state of the headset, hold headset MFB for about 3-5 seconds till white light continues to flash to enter into pairing mode;
2. Activate Bluetooth function of your device to search for Bluetooth headset (please refer to the device manual);
3. Select and confirm your headset model from the searched list;
4. Input PIN 0000 to complete pairing. When the headset MFB flashes stop, the headset and your device would be successfully paired and connected. Some devices would automatically pair and connect to the bluetooth headset during the searching process without entering PIN 0000.

Music Playing/ Phone Calling

DM-200

- Answer/ Hang up a Call : Click MFB once.
- Reject a Call : Long press MFB.
- Play/ Pause Music : Press MFB once.
- Volume Adjustment : Press +/- button.
- Play Next/ Previous Song: Long Press the volume -/ + button for 3 sec.
- Replay: Double-click MFB button.

Disclaimer: We would not assure that any Bluetooth device with A2DP / APTX would work with this bluetooth headset as numerous smart phones / tablets are adopting proprietary programs.

Pairing with Additional Bluetooth Devices

1. The headset would memorize up to 8 devices, if the 9th device is paired, the first paired device will be removed from the headset automatically.
2. Any paired device among the 8 memorized devices can launch connection to the headset without further pairing, whilst the last connected device shall become the default device.

Dual Phone Connection

1. Pair 1st phone following steps of [Pairing Headset with Bluetooth Device];
2. Turn off the Headset, shut down 1st device bluetooth function; Launch the pairing steps for the second device following steps [Pairing Headset with Bluetooth Device];
3. After paired with the 2nd phone, turn off headset again. Then, turn on bluetooth function of first paired device followed by turning on the headset;
4. Dual phone connection shall be in force.

Answer Call When Dual Phones Connection

1. Press MFB button once to answer the 1st call;
2. Talking to 1st phone, press MFB twice to answer 2nd incoming call;
3. Double click MFB in order to revert listening to the 1st call;
4. To hang up, press MFB button once.

Note: When the bluetooth headset is calling via one of the two connected mobile phones, connection with another mobile phone would be temporally suspended, which shall be automatically recovered upon the call is finished.

*** Not all mobile phones would support the dual phone connection, you have to check with the respective mobile phone supplier.

Troubleshooting

If there is noisy sound from the headset while making calls:

- Please check if Bluetooth headset and mobile phones are within operating distance (within 10 meters without obstacles in-between);
- For best sound quality, we suggest wearing the headset and mobile phone at the same side of your body. For best result, please place the microphone of the bluetooth headset 7-8 cm away from your mouth; or put the microphone of mono bluetooth headset as close as possible to your mouth;
- Check if earphone wires (for wired earphones only) are not damaged & have been inserted into the jack properly.

If there is no sound from the headset while making calls :

- Please check if the headset is on and the battery has been charged;
- Check if headset is paired and connected with mobile phone successfully;
- Ensure earphones are properly inserted into earphone jack (for wired earphones only)

Mobile phone fails to connect with the headset:

- Please check if the headset is on and has been charged;
- Please check whether the headset has been paired with the mobile phones;
- If the headset fails to connect automatically to the default paired device(s), please recharge the headset, or power it off and then restart again; or re-launch the pairing and connection again;
- Please make sure there is no obstacle or interference in-between the operation distance (10 metres) for Bluetooth headset and the mobile phone, such as wall, human body, other electronic equipments, etc;
- Please make sure the device to connect with the Bluetooth headset is one of the last 8 paired Bluetooth devices which ID have already been memorized by the headset; otherwise, please pair it before the connection.
- If problems persist, power off phone or headset; charge the headset again; delete the pairing and re-launch again.

Caution

- Please comply with law when you are using Bluetooth headset. Certain venues and occasions would forbid its usage, such as hospitals, blasting area, places with explosive hazard, etc ;
- Bluetooth headset is forbidden during flight journey ;
- Making call while you are driving would distort concentration. Therefore, you must drive safely if you take the risk to operate the headset inside car. You must comply to driving regulation enacted in your area ;
- Don't put the headset over areas where airbag may unfold inside the car cabinet. The force generated by such unfold would make the headset very dangerous to the human body ;
- Keep the Bluetooth headset away from children as the headset is not a toy and the small parts may cause suffocation to endanger them ;
- Using loud volume of the headset to talk would hurt your hearing ability.

Maintenance

- Keep the device dry. Rain, mist and any type of liquid or moisture may be harmful to the electronic circuit;
- If the headset gets wet, it would be damaged and malfunction. Make sure the unit is completely dry before you try to power it on again;
- Don't use chemicals, cleaning agent, detergent, etc to clean it;
- Do not use or store the device in dusty or dirty place;
- Don't put the headset in very hot place. High temperature will shorten the life span of the electronic device, damage the battery, or melt the unit;
- Don't put the headset in very cold place. When the headset resumes to normal temperature, moisture would be condensed that will damage the electronic circuit;
- Don't attempt to drop, knock or shake the device. Improper handling will damage the electronic circuit and the delicate structure;
- Do not paint the device. Painting may clog certain parts and prevent proper operation;
- If the unit is idle for long time, please fully charge it before using.

The above suggestions are applicable to the headset, battery and any other spare electronic parts that are coming from the original packing of the bluetooth headset or sold separately via the product's authorized dealer.

藍牙圖解

DM-200

藍牙耳機的佩戴

DM-200

DM-200 是一款專業的單聲道藍牙耳機。

適合左耳和右耳而設計。

只需旋轉耳鉤並調整耳塞，即可將耳機舒適地戴在任何一側耳朵上。

藍牙耳機開關/充電

DM-200

開機：長按MFB約3秒。白燈閃爍後熄滅，進入待機模式或操作模式。

關機：長按MFB約3秒。白燈會閃爍，然後隨著語音提示關閉。

電池充電：僅插入包裝中的 5V USB 電線。高壓電線會損壞耳機。充電時，白燈亮；完成後燈會熄滅。

低電量警報：白燈每 20 秒閃爍一次，表示您必須為耳機充電。

藍牙設備配對

DM-200

確保您的手機具有藍牙功能。

將 DM-200 與手機/平板電腦/電腦配對(另請參閱您的設備手冊)。在配對過程中，您的設備和 DM-200 必須保持靠近才能順利配對(1米以內)。

1. 在耳機關閉狀態下，按住耳機MFB約3-5秒，直到白燈持續閃爍，進入配對模式；
2. 開啟您設備的藍牙功能，搜索藍牙耳機（請參考設備手冊）；
3. 從搜索列表中選擇並確認您的耳機型號；
4. 輸入PIN 默認密碼 0000 完成配對。當耳機 MFB 閃爍停止時，耳機和您的設備將成功配對和連接。有些設備在搜索過程中會自動配對並連接到藍牙耳機，而無需輸入PIN 默認密碼 0000。

與兩部藍牙設備配對

- 藍牙耳機可存儲8個藍牙連接設備的資料。
- 當藍牙耳機與超過8個藍牙設備配對操作時，最早的配對設備將自動從配對資料中被清除。
- 已配對成功的8個藍牙設備都可與耳機啟動連接。
- 最近一部連接的設備會成為預設設備。

1. 請根據[藍牙設備配對]步驟將耳機與第一部設備配對；
2. 暫時關閉耳機，然後關閉已完成配對的第一部設備的藍牙功能；根據[藍牙設備配對]步驟將第二部設備與耳機進行配對；當與第二部設備配對連接成功後，關閉耳機。此時再將第一部設備藍牙功能開啟，再開啟耳機；
3. 這樣藍牙耳機將會自動連接兩部設備；
4. 部分設備在雙設備/手機連接時會發生斷線情況，如有此情況出現，請向手機製造商查詢。

支援音樂播放/通話

DM-200

接聽/掛斷電話：單擊 MFB 一次。

拒接電話：長按MFB。

播放/暫停音樂：按一次 MFB。

音量調節：按 +/- 按鈕。

播放下一首歌曲：長按 + 音量鍵

播放上一首歌曲：長按 - 音量鍵

* 連接設備需支援A2DP/ APTX 功能;此功能需連接設備的支援，但並不保證支援所有持有A2DP/ APTX 功能的藍牙設備，如某些智能手機型號採用專有的軟件/操作程序。

雙設備/手機連接接聽電話

1. 當手機響鬧要接聽時，按一下耳機的多功能鍵；
2. 當正在接聽一部手機時，另一部手機也正有來電要接聽，只需要按兩次多功能鍵就可以接聽；
3. 按兩下多功能鍵就可以再接聽第一部電話；
4. 當要掛斷電話時，需要按一下耳機的多功能按鍵。

*雙設備/手機連接功能與所使用的設備品牌及型號有關。
部分設備可能存有相容性不良的情況，請查詢有關之設備生產商/代理商。

疑難排解

通話過程中，藍牙耳機內有雜音：

- 請確保藍牙耳機與手機在通訊範圍內使用(10米以內)；
- 為了耳機在通話過程中發揮最佳的音質效果，建議將手機和耳機放在身體的同一側，而耳機應與嘴巴保持7-8cm的距離[^]；單聲道藍牙耳機，請讓麥克風盡可能靠近你的嘴巴；
- 請確認您使用的耳機線是否損壞或是否與插座安裝到位 (適用於立體聲藍牙耳機)。

藍牙耳機沒有聲音：

- 請確認藍牙耳機是否開啟及已經正確地充電；
- 請確認藍牙耳機正確地插入耳機線(適用於立體聲藍牙耳機)；
- 請確認藍牙耳機已經與手機配對及連接。

無法實現與藍牙耳機的連接：

- 請確認藍牙耳機是否開啟及已經正確地充電；
- 請確認藍牙耳機已經與手機配對；
- 如果耳機無法自動連接到預設連接設備，請將耳機重新充電或關閉耳機或重新配對及連接；
- 請確保耳機在手機周圍10米的範圍內，當中並沒有障礙物的阻隔。例如：牆壁，人體或其他電子設備；
- 請確保與藍牙耳機連接的設備是已存儲在耳機上的8部藍牙設備之一；否則，請在連接前進行配對。

使用安全守則

- 請根據本地法律，合法地使用手機及藍牙耳機。某些地方及場合禁止使用藍牙耳機，如醫院/爆破區/潛在爆炸風險的地方等。
- 禁止在飛機上使用藍牙耳機。
- 駕車時使用藍牙耳機會分散注意力。駕車時操作藍牙耳機，請遵守當地的駕駛法律，確保行車安全。
- 請勿將耳機放置在車廂內氣袋可能張開的位置。因為當氣袋張開時，可能會造成嚴重的人身傷害。
- 請將藍牙耳機遠離兒童。藍牙耳機不是玩具，而且其較小的零件可能引起窒息危險。
- 為了避免您的聽覺受損，請不要長期使用藍牙耳機的高音量通話。

維護和保養

- 請保持藍牙耳機乾爽。雨水、濕氣和各種液體或水分可能含有礦物質或化學成份，會腐蝕電子線路。
- 如果藍牙耳機遇潮，這時藍牙耳機可能已經損壞了。若您希望嘗試使用它，必須等待藍牙耳機完全乾透。
- 請不要使用烈性化學品、清洗劑或洗滌劑清洗藍牙耳機。
- 請不要在有灰塵和骯髒的地方使用或存放藍牙耳機。
- 請不要將藍牙耳機存放在過熱的地方。高溫會縮短電子設備的壽命、毀壞電池或使一些塑膠部件變形或熔化。
- 請不要將藍牙耳機存放在過冷的地方。否則當藍牙耳機的溫度升高至常溫時，其內部會形成潮氣，這樣會毀壞電路板。
- 請不要嘗試投擲，敲打或搖動您的藍牙耳機。操作不當會毀壞內部電路板及精密的結構。
- 請不要用顏料塗抹藍牙耳機。塗抹會在可拆卸元件中形成阻塞雜物，從而影響正常運作。
- 長時間未被使用的耳機，請先將耳機進行一次完整充電才能使用。

上述所有建議適用於原裝配置（或由授權經銷商單獨出售）的藍牙耳機，電池，及各個電子配件。

一年自攜保修條款細則 / 1-Year Functional Warranty Terms

1. 請保留銷售憑證，維修時必需出示。
 2. 保養期為產品銷售憑證的日期起計一年。
 3. 保修服務不包括機身外殼及隨機附件之更換/修理。
 4. 凡意外、疏忽、使用不當、物理性損壞或日久損耗，本公司將拒絕提供保修服務，例如：耳機單元經大音量使用，進雜物或撞擊導致震膜變形、耳機綫(如適用)的折斷、壓爛、水浸、外殼破損、變形等。產品曾被未經本公司授權的維修/改裝。產品機身資料曾被轉換、塗改或除去。產品不按原廠提供之安裝指示操作。
 5. 保用細則若有修改，恕不預先通知；若有任何爭議，品牌商保留最終決定權。
1. Please keep the original purchase proof. Photocopy or electronic copy is not acceptable. 2. The warranty period is 1 year counting from date of purchase. 3. The warranty service does not include any casing / shell exchange, accessories or free items. 4. For accidental / ignorant / misuse situations, or physical damages/ product aging, the items would not be accepted for any warranty service, such as but not limiting to a) headphone unit is used in extra large volume; b) shocking or debris entering into the earphone; c) cable breakdown (if applicable), d) product has been squeezed or wetted or repaired / modified without our authorization; e) imprinted product information has been converted/ modified / removed; f) the product does not operate according to the instructions. 5. The warranty terms are subject to change without any prior notice. If there is any dispute, the brand owner reserves the right of final decision.
